

TERRA NOVA® Coleus

Now available from Danziger Guatemala

Bred and selected
for "No pinch, No
PGR"

At only one plant per pot,
they'll branch naturally at
every internode without a
pinch for a full habit

Late flowering or
no flowers at all

SEVERAL HABITS AVAILABLE:

- **Minis:** The bestselling FANCY FEATHERS™ collection has unusual feathery leaves and comes in 3 colors.
- Other slightly larger minis include: 'Lovebird', 'Macaw', 'Quetzal' and 'Scarlet Ibis'.
- Upright dwarfs, 'Timmy' is a part of the TIDBIT™ group and play well in mixed containers.
- **Medium:** Mounding varieties are great for mixed containers or as standalones. These include the FLYING CARPET™.
- The medium sized collections and standalones encompass the largest number of varieties
- **Large:** landscape annual "shrub" types that fill large spaces quickly. COLOR CLOUDS™ are very large and have strong branching, high vigor and flashy colors.
