# SALON DU VEGETAL

13-15 September, 2022

HALL C, #418

## Our products in focus:

### RIMarkable™ Petunia

The deep-violet blooms, surrounded by a distinctive white rim, make the new RIMarkable™ Petunia truly remarkable. Next season, this new standout variety will be the must-have Petunia for home gardeners. RIMarkable™ also features a mounding and trailing habit that makes its beautiful large blooms a perfect edition to larger premium baskets and combos.

### COLIBRI™ Exotic Red Bling Calibrachoa

Add a little drama and sparkle to your calibrachoa mix with COLIBRI™ Exotic Red Bling. This new for 2023 variety combines large, eye-catching red blooms with a dash of golden bling. The COLIBRI Bling series features an exciting new star pattern that stands out in the garden. A true head turner, Exotic Red Bling captured a great deal of attention at 2021 trials. Its controlled growth makes it a well-behaved member of any combo or hanging basket.

### GOLF™ Beauty Craspedia

Golf™ Beauty Craspedia's playful golf-ball-shaped yellow blooms belong in a Dr. Seuss book! A definite conversation piece. With more vigor and flower power than ever before, this unique plant is a stunner in gallon-sized containers and up. Unique innovation with its special appearance and also by the fact that the end consumer can harvest it from his or her garden and bring joy to their house.

## Looking forward to seeing you there
