give you a wholesome added value

 DANZIGER

Today's bouquets are required to be marvelous on one side, and economic on the other.

We all look for the ideal combination of beauty and cost efficient. For this purpose we have created a new concept called 21+

This concept is made to spark your imagination with a comprehensive astonishing flower arrangement, made solely by flowers that last no less than 21+ days

This way, you will make sure your customer enjoys the beauty of every flower alone, but also of the total arrangement for longer. Higher value, Lower shrink
